Squalen: Buletin Pascapanen dan Bioteknologi Kelautan dan Perikanan (Squalen: Bulletin of Marine and Fisheries Postharvest and Biotechnology) published periodically three times a year i.e. May, August, and December by Research and Development Center for Marine and Fisheries Product Processing and Biotechnology

**Accredited Number: 148/M/KPT/2020**

CITATION IS PERMITTED WITH ACKNOWLEDGEMENT OF THE SOURCE

## FOREWORD

We are happy to announce that the latest issue of the Squalen Bulletin of Marine and Fisheries Postharvest and Biotechnology has been published.

Squalen Bulletin Volume 15 (3), December 2020, features five original research articles on the area of marine and fisheries post-harvest and biotechnology, i.e, Quality of Refrigerated Tilapia (*Oreochromis niloticus*) Slices under Vacuum and Modified Atmosphere Packaging; Concentration and Characteristic of Floating Plastic Debris in Jakarta Bay: a Preliminary Study; Golden Sea Cucumber: Identification and the Antioxidant Activity of Its Collagen Hydrolysates; Detection of Histamine-Producing Bacteria on Tuna Species using Histidine Decarboxylase (*hdc*) and 16S rRNA; and Design and Performance of Scaled-Up Microwave Dryer for Seaweed Drying.

In September 2020, the Squalen Bulletin was named the best journal among 18 academic journals currently published by the Ministry of Marine Affairs and Fisheries, Indonesia. This recognition was granted based on the merits and the recent achievements of the Squalen Bulletin for indexation in Scopus and Sinta 1 (Science and Technology Index). In the following month, the national accreditation of the Squalen Bulletin has been extended until 2025, according to the Decree of the Ministry of Research and Technology number 148/M/KPT/2020.

On behalf of the editorial board, we would like to extend our sincere appreciation to the reviewers for thoughtful comments and efforts towards improving the published articles despite the challenging times due to the global pandemic.

We hope these articles will be useful for the readers and, in return, stimulate further studies on marine and fisheries post-harvest and biotechnology. Thank you for your continuing interest in our publication.

<b>FOREWORD</b> .....	i
<b>CONTENT</b> .....	iii
Quality of Refrigerated Tilapia ( <i>Oreochromis niloticus</i> ) Slices under Vacuum and Modified Atmosphere Packaging Md. Abdul Karim, Masudur Rahman, Esmout Jahan Alice, Md. Amanullah, Md. Akhtar Hossain and Md. Tariqul Islam .....	99-107
Concentration and Characteristic of Floating Plastic Debris in Jakarta Bay: a Preliminary Study Dwiyitno Dwiyitno, Faidiana Andayani, Umi Anissah, Hedi Indra Januar, and Singgih Wibowo .....	109-117
Golden Sea Cucumber: Identification and the Antioxidant Activity of Its Collagen Hydrolysates Yusro Nuri Fawzya, Nugrah Analiadi Putra, Arif Budi Witarto, and Gintung Patantis .....	119-129
Detection of Histamine-Producing Bacteria on Tuna Species using Histidine Decarboxylase ( <i>hdc</i> ) and 16S rRNA Mala Nurilmala, Novia Nanda Saputri, Asadatun Andullah, Nurjanah Nurjanah, Roza Yusfiandayani, and Muhamad Fedi Alfiadi Sondita .....	131-139
Design and Performance of Scaled-Up Microwave Dryer for Seaweed Drying Arif Rahman Hakim, Wahyu Tri Handoyo, and Adrianto Widi Prasetya .....	141-152

**AUTHORS GUIDELINES**  
**SQUALEN: BULETIN PASCAPANEN DAN BIOTEKNOLOGI KELAUTAN DAN PERIKANAN**  
**(SQUALEN: BULLETIN OF MARINE AND FISHERIES POSTHARVEST AND BIOTECHNOLOGY)**

1. Scope: research paper, short communication and reviews in the field of postharvest, food safety and environment, and bio-discovery of marine and fisheries.
2. Language: English. It is preferable that manuscripts are professionally edited. The abbreviated name or expression should be cited in full at first usage, followed by the accepted abbreviation in parentheses. Metric SI units should generally be used. Chemical formulas and solutions must specify the form used, e.g. anhydrous or hydrated and the concentration must be in clearly defined units. Common species names should be followed by the Latin binomial (Italic) at the first mention.
3. Manuscript: should be prepared max. 15 pages, double-spaced (except for title, tables, figures, and bibliography which is prepared in single-spaced) in Microsoft Word on A4 paper, font (Arial 10).

**Research Paper** manuscripts should contain the following sections :

- a. Title: brief, concise and informative, reflecting the manuscript material. Avoid the abbreviation and formula where possible. Author's name, institution, and address are written under the title.
  - b. Abstract : a concise and factual abstract is required. The abstract should state briefly the purpose of research, the principle method, result and conclusion. Non-standard or uncommon abbreviation should be avoided, but if essential they must be defined at their first mention in the abstract itself. Abstract should not exceed 250 words.
  - c. Key words: contain 3 to 5 words, referred from Agrovocs
  - d. Introduction: state the background and objective(s) of the work, avoiding a detailed literature survey or a summary of the results.
  - e. Material and Methods: provide sufficient detail to allow the work to be reproduced. Methods already published should be indicated by a reference; only relevant modification should be described.
  - f. Results and Discussion: results should be clear and concise. Discussion should explore the significance of the results of the work, not repeat them. Avoid extensive citation and discussion of published literature.
    - Tables: Short, clear and must be able to stand alone. Table should have a title and number in sequence and are placed above the table, font (Arial 10).
    - Figures and graphics: Prepared in appropriate pattern usable for black and white versions of all the color illustrations. Graphics should be prepared in MS Excel. Figure should have a title and number in sequence. Figure and graphics title and their explanation or notes are placed below the figures or graphics, font (Arial 10).
    - Pictures/photograph: Prepared in contrast color or B/W. Pictures/photographs should have a title and number in sequence. TIFF: color or grayscale photographs (halftones) always use a minimum of 300 dpi; bitmapped line drawings use a minimum of 1000 dpi; combinations bitmapped line/halftone (color or grayscale) a minimum of 500 dpi is required.
  - g. Conclusion: Concise considering the title, objectives and research results.
  - h. Acknowledgement: Collate acknowledgements, if any, in separate sections at the end of the article before the reference and do not, therefore, include them on the title page, as a footnote to the title or otherwise.
  - i. Bibliography: Follow the APA (American Psychological Association) style referencing. References in the text should cite the latest and primary references at least 80% are strongly advised.
    - a. Journal with DOI; b. Journal without DOI; c. Thesis or dissertation; d. Book Chapters
- Houbraken, J. A., Frisvad, J. C., & Samson, R. A. (2010). Taxonomy of *Penicillium citrinum* and related species. *Fungal Diversity*, 44(1), 117-133. doi: 10.1007/s13225-010-0047-z
- Yu, Z., Lang, G., Kajahn, I., Schmaljohann, R., & Imhoff, J. F. (2008). Scopularides A and B, Cyclodepsipeptides from a marine sponge-derived fungus, *Scopulariopsis brevicaulis*. *Journal of Natural Products*, 71(1), 1052-1054.
- Prigent, S. (2005). Interactions of phenolic compounds with globular proteins and their effects on food related functional properties. ph.D. Thesis. Wageningen University, The Netherlands.
- Lanier, T. C., Carvajal, P., & Yongsawatdigul, J. (2005). Surimi gelation chemistry. In J.W. Park (Ed) *Surimi and surimi seafood*, p. (pp. 435-489). Boca Raton, FL: CRC Press Taylor and Francis Group.

**Review Paper**, manuscript should be written as a continuous articles sub headings that reflect the matter discussed, not necessarily the same as the sub heading of the research paper (Abstract, Introduction, Discussion, Conclusion, Acknowledgement, References)

4. Submission of manuscript: A soft copy of the manuscript should be submitted electronically by Open Journal System (OJS) at [website www.bbp4b.litbang.kkp.go.id/squalen-bulletin](http://www.bbp4b.litbang.kkp.go.id/squalen-bulletin). Manuscript should be uploaded as Word (.doc) files (not write-protected) or/ and MS Excel for the figures or graphics. The text file must contain the entire manuscript including title page, abstract, keywords, text, references, tables, and figures. All the manuscripts submitted to 'Squalen: Buletin Pascapanen dan Bioteknologi Kelautan dan Perikanan (Squalen: Bulletin of Marine and Fisheries Postharvest and Biotechnology)' will be reviewed by peer reviewers and editors. Manuscript submitted should not be submitted or under reviewed other journal.
5. Manuscript which does not meet the above requirements will be rejected.
6. Editor provides reprint for the author(s).
